

## **Trade Union Facility Time Data**

### **Introduction**

The Trade Union (Facility Time Publication Requirements) Regulations 2017 place a legislative requirement on relevant public sector employers to collate and publish, on an annual basis, a range of data on the amount and cost of facility time within their organisation.

Facility time is the provision of paid time off from an employee's normal role to undertake trade union duties and activities as a trade union representative. There is a statutory entitlement to reasonable paid time off for undertaking union duties but no such entitlement to paid time off for undertaking activities.

### **Publication Requirements**

The regulations require the following information to be formally published, for the period 1 April 2022 – 31 March 2023:-

- Number of employees who were relevant union officials;
- The percentage of time spent on facility time for each relevant union official;
- The percentage of the overall pay bill spent on facility time;
- The number of hours spent by relevant union officials on paid trade union activities as a percentage of total paid facility time hours.
