

Health and Safety Policy Statement

It is the policy of The Prospect Trust that the Heads and Principals of The Prospect Trust Academies take all reasonable steps to ensure that the Health & Safety of staff, learners, contractors and visitors is actively supported for the continued success of The Prospect Trust and The Prospect Trust Academies.

Our commitment is to:

- Provide a healthy and safe learning and working environment for all
- Prevent accidents, incidents and work-related illnesses and injuries
- Comply with the Health & Safety Executive's legislation and guidance
- So far as is reasonably practicable, ensure adequate resources and provisions are made available for all areas of Health & Safety across The Prospect Trust
- Ensure there are adequate welfare facilities throughout The Prospect Trust and all of the Academies
- Assess, manage and reduce risks as low as is reasonably practicable, across Estates & Premises; for all staff, learners, contractors & visitors and for all Activities
- Assess, monitor and review all of our Safe Systems of Work (including Safe Place of Work, Safe People, Safe Practices and Safe Equipment) and ensure they are suitable, sufficient and effective
- Set out targets and objectives to develop and continuously improve a positive Health & Safety Culture
- Consult with employees and their representatives on all Health & Safety matters through continuous communication and termly Health & Safety Meetings
